Clay-

Could you re-submit the topo map showing the drill hole and trench locations? Also, could you modify page 4, Section III, number 5 to give a more complete description of what you're doing, i.e. that you're digging a certain number trenches of a certain size and drilling a certain number of auger holes a certain depth and diameter? I have attached the original Notice of Intention.

Paul here is the map locating the hwy 132 and if you zoom in you can see the test sites.

Thanks
